Federal Computer Incident Response Capability

Forum of Incidents Response and Security Teams (FIRST)

NASA Incident Response Center (NASIRC)

Federal Bureau of Investigation (FBI)

*Network Security Improvements

World Wide Web Organization (W3)

*US Government Security Sites

National Security Telecommunications And Information Systems Security Committee

National Security Agency

*Internet Crime Complaint Center

The Internet Fraud Complaint Center (IFCC) was established as a partnership between the Federal Bureau of Investigation (FBI) and the National White Collar Crime Center (NW3C) to serve as a means to receive Internet related criminal complaints, research, develop and refer the criminal complaints to law enforcement agencies for any investigation they deem to be appropriate. The IFCC was intended, and continues to emphasize serving the broader law enforcement community, to include federal, as well as state and local agencies, which are combating Internet crime and in many cases participating in Cyber Crime Task Forces.
